Since moving to Georgia in 1985, my wife and I have been clients of the Sepulveda Insurance Group. In our dealing with various personnel over the years, we have found all of the individuals with whom we have dealt to be knowledgeable and responsive as well as personable. We would not hesitate to recommend this organization.

Sepulveda Insurance Group has been a positive find since day one. I have received great service from this health insurance company that I have never found with others. I am very pleased with Sepulveda Insurance Group for working with me and Assurant Health for not taking advantage of me.

I became a client of Sepulveda Insurance Group more than 20 years ago. During the course of that time this agency and Don Sepulveda have become an important part of my life, both personally and professionally. I could tell in the first meeting that I had absolutely called the right place. What I was most impressed by was that it was clear that I was talking with someone who truly cared about OUR needs and took the time to really help each one of us.

You could not find a person in the insurance business with more integrity than Don Sepulveda. I would, and have, recommended the Sepulveda Group to every agent I have come in contact with. Don has provided me excellent guidance in this very complicated business and I will never be able to thank him enough.

I have been associated with the Sepulveda Insurance Group for the past four years. It is rare to find an agency that has integrity and everyone associated with the agency has the same goal, to treat people with respect and provide them with the finest programs the industry has to offer. I know that any company and program that Sepulveda represents will provide my clients with the best possible solution to their insurance needs.

I look forward to the future knowing that working with Don and his team will provide my clients with the finest policies available.
